9.

Waste bin counter

The 'Empty waste bin' appears after
◀ XX ▶ dosings on the screen.
the number depends on the size of the coffee pucks!

Has a pedestal been installed?
 no yes

confirm your change, close the programming
screen and remove the safety key

	coffee dosing	maximum coffee pucks for waste bin (xx)
STD	7.5 gr	55
US / CA / MX	12 gr	40

10.

open the canister outlets, close the door and place
the new (or old) drip tray plate
